Subject: RE: [EXTERNAL] Voter Data Request Question

Dear [REDACTED]

Thank you for your email.

The data is mailed on disc. The EX-003 on CD and the EX-002 on DVD.

Data orders can be filled after the fee (check or money order) and a completed [Elections data request form \(PDF\)](#) are received by this office. Please note that there may possible mailing delays due to COVID-19 restrictions in place in this office. It could take up to a week or two to receive the report.

If there is a time concern, you may consider sending the request via express mail and including a self-addressed return envelope to help expedite the process. Please mail your request to the attention of the: ELECTIONS DIVISION.

Sending a scanned copy of your completed [Elections data request form \(PDF\)](#) to me via email at rose.sanchez@sos.state.co.us in advance of your order would also be helpful.

Let me know if you have any questions.

Best regards,

Rose

Rose A. Sanchez

Subject: [EXTERNAL] Voter Data Request Question

Hello,

I will be sending in a request for voter data (EX-002 and EX-003) via USPS; how is the data returned?

It mentions that the data will be sent via mail, is it possible to have it sent digitally? Or is it sent digitally through the mail?

Thanks a ton!

Best,

[REDACTED]
